
Getinge Clean Manual Plus

Product Specification

GETINGE
GETINGE GROUP

A multi-enzymatic detergent with powerful cleaning and sanitising action. For manual and ultrasonic cleaning of medical instruments. Specially formulated to digest proteins and other ingredients of medical soils. Improves occupational health and safety and helps to reduce cross-contamination by sanitising baths and surrounds. Non-corrosive, pH neutral, fully biodegradable.

Instructions for use

Do not use in automatic washers.

Check materials compatibility before use.

- Manual process: Dose 2-20 ml of Manual Plus per litre of warm water (25-45°C).
 - Stir well.
 - Submerge instruments for 2-10 min.
 - Brush if necessary.
- Ultrasonic process: Dose 2-20 ml of Manual Plus per litre of warm water (45-60°C).
 - Run ultrasonic bath for 2-10 min.
 - Thoroughly rinse instruments prior to disinfection.
 - Discard solution at least daily or after every 7-10 cycles.

Ingredients	Protease, lipase, amylase and cellulase enzymes, surfactants, sequestering agents and corrosion inhibitors.
-------------	---

Technical data	Specific gravity (20°C): 1.10 pH as supplied (typical): 7.6-8.5 pH in 5ml/litre (typical): 8.0-8.5 Viscosity (concentrate, 25°C): <10 cSt
----------------	--

Storage information	Store in a cool, dry place protected from frost, heat and direct sunlight away from acids and strong oxidizing agents. Store upright in original containers. Keep container closed when not in use. Optimum storage temperature 20°C.
---------------------	---

Safety and handling

Wear correct PPE.
 Do not mix with other chemicals.
 Do not create or breathe aerosols.
 Always cover ultrasonic baths.
 Always keep sharp instrument points inside instrument baskets to minimise risk of injuries.
 Refer to Material Safety Data Sheet.

CE Mark

Getinge Clean Manual Plus conforms to the European directive 93/42/EEC, Annex 1 concerning medical devices.

Environmental awareness

Fully biodegradable formulation and recyclable packaging.

Service

For technical support in regards to appropriate detergent dosing and optimization of your cleaning processes, please refer to wall chart or contact your local Getinge representative.
